# Comments Report

## STUDENT INFORMATION

27a. Please comment why or why not:

- He did a great job of giving us the material and helping us.
- He's good
- I think the instructor could have improved by either posting his powerpoints online or by actually using the power points. There was a period of time where he just wrote stuff on the board and a lot of it was a little harder to understand.
- Make class slides available online
- More engaging lectures and classes
- The class size was good for the content. The bigger a class size the less attentive the students are and with the material that was cover and the objective it was best to have the class we had to effectively be able to pay attention and learn the material.
- The class was taught perfectly
- class was taught well, instructor offered ample help
- he did really good
- not engaging, doesn't explain concepts only tells it to us an moves on
- not interesting enough

## OTHER QUESTIONS AND WRITTEN COMMENTS

33. What are the strengths of the instructor?

- Covers everything you need to know on exams. No surprises. He's very knowledgeable. He's upbeat. Always willing to help.
- Eren is always available. He responds very quickly to emails and made time to meet with me during his office hours. He is also passionate about economics. I also haven't used a textbook all semester, I have just relied on Eren's lectures and I have passed.
- Explaining in a good way
- Gave good notes and explained everything
- He goes out of his way to help the students.
- Knowledgeable in the material, organized, charismatic, and understandable.
- Knowledgeable of subject
- The instructor is a very good person and genuinely cares about his students. He gives us many opportunities to make a good grade without being too easy of a class that I don't learn anything.
- Very good at explaining concepts to students
- Very nice
- he knew all the information he was teaching very well
- knowledgable
- knows the material well
- really helpful with posting problem set answers and exam answers on blackboard for further study material
- showing up on time, understanding, nice
- uses visuals

## 34. What are the weaknesses of the instructor?

- Comes off as a little dull when teaching. Some lack of confidence.
- Doesn't physically hand tests back
- Easy to lose focus on what he was saying/teaching
- Going fast
- He didn't possess any qualities I considered weaknesses.
- I got bored while in class a few times.
- I really can't think of any. Eren has an awesome accent and a bubbly personality. He has cracked a couple jokes in class before which I found funny but since half the class is on the phone anyway and are too lame to notice Eren doesn't get a whole lot of response.
- N/A
- Slight accent but you could still understand him easily
- The only weakness is his board management. Sometimes I'll get confused on where we're even at on the board but I think it was just that one set of sections because now he uses his power points again.
- boring
- it was boring and every class was the exact same
- lack excitement with the class very low-key
- not a good teacher, doesn't understand how to explain concepts just reads the definition and moves on there is no background information
- sometimes pace was too fast, difficult to keep up

## 35. What are the strengths of this course?

- Easy
- Good textbook
- I am taking this course to help discern to pursue a business minor or cognate and I think that it has definitely shown me that I need to apply myself better if I plan to pursue either of those.
- It helps you understand what is going on in the economy.
- It taught me economics.
- Knowledge of business world
- N/A
- The material that was taught, it gave me a lot of real world knowledge about the Economy.
- The strengths are that it's somewhat easy course material as long as the student puts in the work. The instructor teaches the material by step-by-step processes and asks questions in class that are like the ones he would ask on a test.
- You learn a lot
- good for everyday stuff
- practice exam really helps
- tests very similar to practice tests

## 36. What are the weaknesses of this course?

- Course material gets boring from time to time.
- I don't know how much of it I'll retain in the future.
- I don't really see any weaknesses of this course.

- It doesn't have too much opportunity to be more exciting to students...it is straight forward. Most Fridays, there are only about 15 or so people left in the class if even that. One day we took attendance because there were so few people in class. Everyone shows out for exams, but during the week the numbers dwindle.
- N/A
- None
- Not the most entertaining subject
- The tests could be made better
- There weren't any weaknesses of this course.
- broad range of surface-level information
- doesn't offer extra credit or ways to improve grade, not enough point opportunities  
final is not optional
- hard
- no homework  
quizzes are online and not in class and are only 5 questions
